**SBD 9****CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a pe se prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

## ANNEXURE A – TERMS OF REFERENCE

---

#### TERMS OF REFERENCE

### PROVISION OF TECHNICAL ASSISTANCE SERVICES TO THE PROJECT COORDINATING UNIT OF THE PRESIDENTIAL JOBS SUMMIT IN RESPECT OF LOCAL PROCUREMENT

#### 1 X LOCAL PROCUREMENT EXPERT

---

##### 1. Introduction

In 2018 there was a Presidential Job Summit where a number of commitments were agreed to between the social partners of organised business, labour, community and government including in respect of local procurement, boosting local production and import replacement. The relevant agreement is attached as Annexure A and a progress report on what has been achieved since 2018 is attached as Annexure B.

In summary, these agreements commit:

- Government to enhance and extend the designation process of products that can only be procured locally by the state;
- Business committing to promote local procurement of goods;
- Identify and pursue products and sectors where import substitution can be enhanced and generate significant employment.

Since then, a number of stakeholders have been identified as project owners or project leads and have been working on implementing these commitments as set out in Annexure B. These stakeholders include BUSA, BLSA, National Business Initiative, Proudly SA, Manufacturing Circle, DTIC and Sactwu.

However In the light of the Covid19 pandemic and lockdown, there is both a new situation and new imperatives in respect of boosting local production, advancing local procurement and increasing import substitution including that:

- Demand for certain products where local procurement can be advanced has declined;
- New and urgent demand for other products in areas such as health care has increased;

- There is a need for conducive legislative frameworks for standardisation and testing of local products; and
- There is short term demand for import substitution but this may not be sustainable after international supply chains are restored

The PCU of the Job Summit is thus seeking the services of an expert to provide technical support to review the Job Summit Agreements in the light of the changed circumstances, identify existing and new focused areas where social partners can work together to boost local demand, local procurement and import substitution and facilitate processes to either initiate this work or support work that has already been initiated.
