

Statement on SAFTU Protest Action planned for 29 November 2023

The South African Federation of Trade Unions (SAFTU) submitted a notice in terms of Section 77(1)(d) of the Labour Relations Act (LRA) on the 10th of November 2023 to Nedlac indicating its intention to embark on a protest action on 29 November 2023. This is after the Nedlac Standing Committee made up of the Nedlac social partners granted SAFTU a certificate in terms of Section 77(1)(b) of the Labour Relations Act on 13 April 2021. This certificate enables workers to be protected from disciplinary action and dismissal if they participate in the protest action aimed to defend and promote the socio-economic interests of workers and the working class in general.
